

ANGELIN JENITA ARUL

Coimbatore, Tamil Nadu, India | +91 6383637916 | arulangel20@gmail.com
linkedin.com/in/angelin-jenita-arul | github.com/Ang-jeni

PROFESSIONAL SUMMARY

Aspiring AI and Data Science professional with hands-on experience in Python, Machine Learning, Full-Stack Development (React.js, Node.js), and IoT-based systems. Smart India Hackathon 2023 Winner and IIT MIC Build to Innovate 2024 Semi-Finalist. Adept at data preprocessing, model development, and deploying scalable web applications, with a proven ability to deliver impactful solutions in cross-functional, deadline-driven environments.

EDUCATION

B.E. – Artificial Intelligence & Data Science

Aug 2022 – May 2026

Avinashilingam Institute for Home Science and Higher Education for Women, Coimbatore, India CGPA: 85% (through 8th Semester)

Higher Secondary Certificate (HSC)

Jun 2020 – May 2022

St. Joseph Matriculation Higher Secondary School, Tiruppur, India

Score: 87%

RESEARCH, TEACHING, AND INTERNSHIP EXPERIENCE

Student Trainee, DRDO (Defence Research and Development Organisation)

Feb 2026 – Apr 2026

Bengaluru, India

Full-time

- Worked on “Framing the Variables of Two Boundary Analysis” using C programming with engine variables.
- Designed and implemented structured variable frameworks for boundary-condition analysis, improving the accuracy and consistency of engineering simulations.
- Performed data validation, debugging, and performance optimization to ensure reliable computational results.
- Collaborated with research engineers to interpret simulation outputs and support defence-oriented analytical studies.

Software Developer Intern, Prodigy Infotech

Jun 2024

Coimbatore, India

Full-time

- Developed, tested, and deployed web applications using Python, HTML5, CSS3, and JavaScript (ES6).
- Utilized Git and GitHub for version control, collaborative development, and efficient code management.
- Debugged, tested, and optimized web applications to ensure cross-browser compatibility and reliability.

Data Science Intern, AcmeGrade

Jul 2023

Coimbatore, India

Full-time

- Built end-to-end machine learning pipelines, including data preprocessing, feature engineering, model training, evaluation, and performance optimization.
- Applied statistical analysis and data visualization techniques using Python, Pandas, NumPy, and Matplotlib to extract actionable business insights.
- Evaluated machine learning models using performance metrics and validation techniques to improve prediction accuracy.

PROJECTS

NeuroPredict – AI-Based Stroke Risk Prediction System

Mar 2026

- Built an AI model using Logistic Regression, Random Forest, and XGBoost for early stroke risk prediction.
- Integrated SHAP-based Explainable AI (XAI) and deployed the solution as a real-time web application.
- Implemented automated report generation with email alerts for high-risk patient cases.

Smart Water Meter – IIT MIC Build to Innovate 2024

Dec 2024

- Developed an IoT-based smart water metering system enabling real-time consumption tracking for rural communities.
- Designed for efficient water distribution and wastage reduction; selected as Semi-Finalist at IIT MIC Build to Innovate 2024.

Automated Drug Dispenser – Smart India Hackathon 2023

Dec 2023

- Built an AI-powered drug dispensing system integrating machine learning and sensor-based logic to improve medication accuracy.
- Recognized as Winner of Smart India Hackathon 2023 for innovation and practical impact in medical automation.

PROFESSIONAL AFFILIATIONS

Organizing Secretary, ADVAITA 2025

2025

Departmental student association coordinating technical and cultural events at Avinashilingam Institute for Home Science and Higher Education for Women.

HONORS AND AWARDS

- Winner – Smart India Hackathon 2023 (AI-based Automated Drug Dispenser)
- Semi-Finalist – IIT MIC Build to Innovate 2024 (IoT Smart Water Meter)

TECHNICAL SKILLS

Programming Languages: Python, JavaScript (ES6), C, Java

Frontend: React.js, HTML5, CSS3

Backend: Node.js, REST APIs

AI / Machine Learning: Machine Learning, Artificial Intelligence, Data Preprocessing, Model Development, Data Visualization

Database: MySQL, PostgreSQL

DevOps & Tools: Git, GitHub, Linux, VS Code, Cloud Deployment (AWS / Vercel)

CERTIFICATIONS

Data Science – AcmeGrade | React Essential – LinkedIn | Generative AI for Developers – Coursera | Git & GitHub

LANGUAGES

Tamil, English
